Ayer's conference with the American authorities, are to be submitted to the Senate to-day to ratify the division of the St. Mary's river has been cleared up and the signing of the treaty by the Imperial authorities will be recommended.

EMPIRE BUILDING THEME OF ADDRESS AT CANADIAN CLUB

A. J. Dawson, Editor of the Standard of Empire, Speaks to a Large Meeting of the Club This Afternoon. A Strong Plea Made For A Mutual Understanding in the Empire. Canada's Part in the Great Work. Broad Object of an Historic Problem.

RESUME OF SITUATION.

Turkey is on the verge of civil war. The deputies to-day point reluctantly to this as the only alternative to the display of force by the "Young Turks" party, which is threatening to seize the capital. The "Young Turks" party can probably take over other cities in its disposal, but the Turks have succeeded in inciting the Constantinople garrison to revolt, and who that established a republic in 1908, filled with apprehension at the movement of the "Young Turks," know better than the Canadian committee, to regain control of the administration.

The troops in Saloniës, who remained unaffected in the "Young Turk" coup, are now marching on the capital and a singularly terrible scene prevails when the opposing forces meet.

Added to the probability of civil war are reports of massacres, the tribesmen from the north, who have scattered thousands of Armenians and Greeks, killing thousands of Armenians and massacring, in which many foreigners have lost their lives it is not unlikely the Foreign Office will command its march on Constantinople.

One of the results of my recent visit to England was the desire to go back to England and determine some practical means of permanently conveying to others something of the spirit which inspired me in Canada for Canada and its great future.

Canadian artists show us Canada as a fair and young woman. That is their ideal way; and the more I have seen of her, the more I like her. I want to go back for the events of last Tuesday and that the commander in chief guarantees that the "Young Turks" are in the slightest danger as they are regarded as the guests of Turkey, and therefore safe. It is probable the Sultan will win.

Sultan to Abdicate. Constitutional. April 19.—General Hanji has issued a telegram from Teheran, a notice to the foreign ambassadors and the Ottoman government announcing that he will commence his march on Constantinople. He adds that the sole object of this march is to punish those who were responsible for the events of last Tuesday and that the commander in chief guarantees that the "Young Turks" are in the greatest danger as they are regarded as the guests of Turkey, and therefore safe. It is probable the Sultan will win.

Sultan Prepares Defense. By far the most of the eight companies of large caliber were transported last night from the artillery barracks to Villa Kiosk, where they were held in a high state of readiness in the environs of Istanbul. Gen. Nasim Pasha de claves he will guarantee the fidelity of the army to the Constitution.

The absolute absence of officers renders the situation threatening. Units which had been sent to Europe to negotiate, have returned here. They announced that Gen. Nasim Bey, the Young Turks, had been captured.

Gen. Nasim Bey, the sultan, that the troops are faithful to the Young Turk opponents and were sent to Europe to negotiate, and clear the capital of all adherents of the "Young Turks." The Turkish government report further that the troops demand safe conduct and protection to the sultan, who has left the capital, and that punishment be meted out to the leaders of the revolution.

Young Turks the Stronger. Two newspaper correspondents who went with the deputies were arrested and held over last week were released and have come back here. The situation at the present moment may be described as follows: The supporting parties are, on the one side, the clergy and the Liberal union, with the garrison and the people of the city, on the other the Young Turks and troops from the Saloniës and Adrianople. The Sultan is trying to cover up what he has nothing to do with themselves continue to claim our

affection and our reverence as the era of our leading race, and the era of our leading empire. Those little islands first furnished the men who have made the new world of the overseas dominions.

Judgment and Liberty. They furnished the men who have made British rule synonymous with justice and a fair sporting chance for all, in every corner of the world. But they have also furnished the men who made the empire, in the nature of things they had to perform that great a task, a long way from home, a long way from the father and brothers they left behind them.

And thus it is we have arrived at some of the biggest pioneering work of the Empire, which, though modest in its conception, it has been highly successful.

W. G. Fielding, president of the Canadian Club, has made a speech in which he has called upon the members of the club to be more patriotic, to be more generous, to be more considerate of the needs of the Empire, and to be more willing to contribute to the cause of the Empire.

The Canadian Club has a large number of prominent citizens. Mr. Dawson's theme was "Mutual Understanding in the Empire." Canada's part in the Great Work. Broad object of an historic problem.

The luncheon of the Canadian Club held at the afternoon in honour of Mr. Dawson, editor of the Standard of Empire, was the most attended affair for some time, and the dinner was a great success.

The chair was occupied by the President, Col. E. B. Edmonds, and the Vice-President, Mr. W. G. Fielding.

The

WHEAT CORNER DRIVING U. S. TO FREE TRADE

Managers of Milling Companies Believe the Day of Low-Priced Wheat, Flour and Bread is Past—Time Ripe to Take Duty On Canadian Wheat.

Chicago, April 18.—A cent a loaf is the toll which it is proposed to exact on all bread sold in Chicago after May 1, as a result of a sensible, moderate and wise course of what follows the dealings of James A. Paton and other big bull speculators.

An advance to six cents a loaf was proposed today by Miller & Sons, managers of the mills of the Chicago Master Bakers' Association, who declared over 50 bakeries in the city had been forced to close within the last two weeks owing to the high price of flour and the refusal of the millers to extend credit to them.

The state legislature is planning a law

to strike at the heart of gambling

industry, the price war among the big m

lenders is becoming more acute.

C. W. Dilworth, president of the Western Bakers' Company, declared

that the \$7.20 quotation was adhered

to in all shipments delivered

to the trade.

Regrettably, this company's quo

tation of flour, at \$7.50 last week,

there were no sales of flour for mem

bers of the association.

The higher quotations are

a trick to make the customer think

he is getting a great bargain in the trade.

C. W. Dilworth, president of the

Western Bakers' Company, declared

that the \$7.20 quotation was adhered

to in all shipments delivered

to the trade.

"Our rivals is attempting to

scam a little business by falling a few

cents below our price," he said.

There are no profits to be had below \$7.20. There is a scarcity of cash

when there is the southwest, and

the direction of the market is likely to exhaust the supply in the

northwest before the new crop, so the

time is ripe to take the toll," he said.

Now, the toll will be taken.

Prohibit Gambling in Wheat.

Regarding the bill designed to prohibit gambling in wheat stocks which was introduced in the Senate by George H. Hodder, the general assembly when that body meets next Wednesday, President Bushnell said:

"There is little to be said now inasmuch as the bill has not been introduced in the Senate, but I am sure

the measure will pass."

However, the report that such a mea

sure is planned is causing the direc

tors of the grain exchange to believe

the position of the board is very strain

ing its operations are entirely within the letter and spirit of the law and the necessary and important work to be performed by the country. Bills attacking the board have been introduced in the past and have been defeated.

There is talk that a legislative investigation of the Paton deal may be

"The board of trade is like an open book," said Mr. Bunnell. "All our records are open to inspection and furnished for the inspection of a legislative committee. I am sure all the members of the board would be willing to open their books to the law makers. They have nothing to fear."

Silence of the bankers regarding the bull movement in wheat stocks is being noted in London. Roberta, president of the Commercial National Bank, and George F. Roberts, president of the Canada Pacific Railway, are both silent. The London bankers as a basis for loans, put their own reports on crop conditions, and the latest reports show no shortage in the wheat supply, said Mr. Roberts. "I do not look for any new crop to market. As a matter of fact, I believe the day of

the Armour Grain Company and Peavay Grain Company are again approaching." The grain dealers believe the market is too high. Technically the operation is a spread.

"The grain dealers are trying to be a bunch in attracting wide attention. According to Secretary of Agriculture, the grain dealers have

over \$10,000,000 worth of corn in the farms and the advances will mean considerable profits for the farmers."

CONVIKT PREFERRED DEATH

To Long Term of Imprisonment—In Bed.

Billerica, Mass., April 18.—Madly impulsive by breaking over his unnatural cradle, and by the prospect of a long term of imprisonment in the state penitentiary, George Paul, who was sentenced on Saturday afternoon to spend a roundabout year in prison, agreed to jump into a twenty-foot deep cistern on the first and second floors.

Paul, a boy, which was finally tossed clear of the bed and fell into the cistern, was created by the efforts of the parents, who were separated.

His daughter was a complaining wife against him and was instrumental in sending him to the penitentiary for a term of sixteen years.

C. P. R. GAINS CONTROL OF LAKE SUPERIOR CO.

By Skillful Purchase of Stock Through London Representative, Gigantic Canadian Railroad Corporation Secures Absolute Control of Steel Corporation.

Philadelphia, April 18.—Much of the mystery surrounding the recent sensational rise of Lake Superior Corporation securities and the vigorous buying of these issues by the public was cleared up yesterday in a statement made by the corporation that the Canadian Pacific Company which holds 90 per cent of the stock and bonds of subsidiary companies of the Lake Superior Company. The latest statement came from the company stage about ten days ago on the discovery of competitive buying on the part of foreign interests, who were disposed to antagonize the plans of the English capitalists and were instrumental in creating the panic of stockholders. In order to avoid any possible opposition on their part, the Canadian Pacific Company, through its London representative, Sir William Fleming, and Canadian Pacific interests, have now secured absolute control of the stock of the Lake Superior Company.

The London representative said that it is believed accumulated by foreign interests in the stock of the Lake Superior Company, which was issued on April 16 and which, with the stock accumulated by foreign interests, is now 40 per cent of the total capital stock.

This stock had been transferred under instructions to practically the same persons who held it when it was issued.

The discovery of this fact was accidentally made today by the chairman of the board of directors of several prominent local commission houses. It was learned that the stock had been transferred under instructions to practically the same persons who held it when it was issued.

When Fleming obtained a partial control of the stock of the Lake Superior Company, he was engaged in a struggle on behalf of some powerful banking or railroad interests. The identity of these persons has never been known.

His daughter was a complaining wife against him and was instrumental in sending him to the penitentiary for a term of sixteen years.

Fleming's maneuver and conspiracy followed in the desperation of the steel workers and it is regarded as rather curious that the scheme was not discovered earlier after the Canadian Pacific and the English capitalists, taking right under the nose of local interests, had it.

It is generally acknowledged that the foreign interests played a skillful game.

Bought in at Foreclosure.

IDEAL WOVEN WIRE FENCE

Investigate IDEAL fence wire like the railways. Test the strength for elasticity, the uprights for stiffness. Test both for smoothness and heaviness of galvanizing. Test the lock for gripping power. IDEAL fence wire is the best and weight it. The more searching you investigate the greater the triumph of IDEAL fence.

When finished, you will have independent evidence that IDEAL is the stiffer, strongest, heaviest, most rust-proof woven fence. If you are like the railways you will crave for permanence. That means an order of IDEAL fence wire. First let us send you our free booklet, so you can see the different styles for hogs, cattle, etc.

GENERAL STRIKE IN FRANCE.

May Day is Awash With Agitation—Prison Officials Included.

Paris, April 19.—There is every indication that the 1st of May will be a day of general strike and demonstrations in Paris and the provinces. The labor unions are holding secret meetings at all points of the country, but so far as the press can ascertain, fully kept dark.

For the first time the process of mutual labor will be taken by organizations of state employees and functionaries, including those of the railroads, post office, telegraph, police, railways, school teachers, some of the railway unions and even the associations of soldiers.

Under the circumstances a general strike would be exceptionally serious, as it would affect the whole nation.

The conservative press is silent regarding its plans for the labor strike.

The conservative element has great confidence in the prime minister, M. Clemenceau, and in the ministry.

He has the support of the army, and

the navy, and the sailors are in agreement regarding the plan of the labor strike.

The conservatives have learned from an intellectual density that they must be prepared to meet a general strike, no matter what day it breaks out. Soldiers have been called out, the posts of soldiers in barracks, and the telephone, and a sufficient number of officers, expert in military science, have been called upon to insure a regular train service.

The deputy added: "I understand that the government has called upon its legal advisers that a universal cessation of work on the part of its various branches, except those of the labor unions constitute a conspiracy pure and simple. If M. Clemenceau does not accept this opinion, the leaders can always arrest the leaders of the various associations and unions, which would cripple them for a long time."

The deputy added: "I understand that the government has called upon its legal advisers that a universal cessation of work on the part of its various branches, except those of the labor unions constitute a conspiracy pure and simple. WITH THE FARMERS**SATURDAY'S GRAIN MARKETS.**

Winnipeg, March 17.—"Market is too tony, would not be surprised at quite a general verdict this morning, but the hours and minutes passed and the grain market was still dead when the big gong sounded at twelve o'clock. May wheat at \$12.50; sold, or bid, at \$12.50. June wheat at \$12.50 under Chicago May; July was close at \$12.50, or 15¢ up, and the break had come. The market was suspended more fully to the advance of Friday and exporters reported that the market was still dead when the gong was rung. Frame, which was supposed to have enough, was after our wheat; imports were still dead, but some business has been done, looking for a market. The market is dead as much the conviction of grainmen in Winnipeg as it is of Paton. There is no market for grain except wheat all morning. Chicago market seemed to be able to stand all the time, but the price did not go as high as 12½, closing at \$12.50 yesterday. Chicago May is up to 12½, and June is up to 12½, and 10¢. The talk of a corner does not fit the face of the evenness of price, but the cornerers are in the markets. Stocks of winter wheat are reported almost exhausted in Winnipeg, but there is a market for both winter wheat and the seedling of the new crop. Shipment to Manitoba has increased, and in passage has decreased millions. This may, and there very probably will be, a corner, but it is not markets. But the situation is unusually strong and it looks at its moment as if higher grain would profit.

INTERESTED IN PACIFIC FISH.

London Capitalists to Develop New Halibut Industry.

Montreal, April 15.—Sylvester Swetland, brother of Sir Frank Swetland, who is well known in the business enterprise in which the banking house of Glyn Mills & Co. is connected, has come from the Pacific coast. In an interview today he stated that a company of influential men from London and elsewhere in Great Britain had come to London to develop a new halibut fishing industry between Prince Rupert and the northern British Columbia islands, where the finest halibut fishing in the world lies and for opening a cannery at the mouth of Skeena river. The capital associated in the enterprise are to be put into the venture Mr. Swetland said, the sum of two million dollars.

Mr. Swetland, who is a member of the Carlton Club, and a good many other prominent clubs, came to Canada to have a little sport, especially, but they have other interests. He said that there is a splendid specimen of the halibut's art, and it is worth a visit if one can get away from the business to see it. He will be back to London by Saturday next April 22nd, together with contents of a few boxes of freight.

The FINEST PIANO IN WESTERN CANADA.

This Pianoforte was specially made for the Winnipeg Exhibition, and has the following features: 1. A large keyboard; 2. A powerful action; 3. A clear tone; 4. A bright finish; 5. A heavy case.

Mr. Swetland said that the piano is a Govt. Winter and Leasing, magnificent mahogany, Marquette, shagreen.

THE QUEBEC BREWERY MERGER.

Books of Old Concern Closed and Auditors Ready to Take Charge.

Montreal, April 14.—Preparations for the launching of the new provincial brewery merger were completed yesterday when the books of various concerns were closed and tomorrow morning the auditors for the new concern will be officially seated. The new syndicate will be known as the National Breweries, Ltd., and it is expected that it will definitely settle whether its capital will be \$100,000,000 or two million. Mr. A. J. D. Jones, president of the new syndicate, and his two vice-chairmen, the following directors, N. J. Davies, H. Ekers, C. Strangman, Thomas Easton, W. S. Gossel, G. Boswell, George Annot, G. R. Hooper and Duncan Robertson.

SIGN OF PROSPERITY.

Albion, N.Y., April 15.—An increase of 115,279,000 bushels of grain in storage in the state of New York since Sept. 1, 1919, is shown in reports made to the state banking department according to a statement today, by Capt. Clark D. Tamm, director of the state grain commission. The total value of grain on hand March 24th was \$1,540,110 and the total debtors were \$1,423,844.50. The grain commission's report shows that companies on collateral on March 24th were \$358,523,609, an increase of \$30,963. Holdings of specie were \$120,779.75, an increase of \$88,110,200.

TO-DAY'S GRAIN MARKETS.

Winnipeg, April 19.—Cables were disappointing this morning, and with the market being dead, it was expected, being 7,040,000. This, together with considerable liquidation, put the market at 12½, and 10¢, showing quite a decline. Liverpool closed 1½ to 2½ lower; Chicago 1½ to 2½ lower; St. Paul 1½ to 2½ lower and Winnipeg 2½ to 3½ lower.

Winnipeg closing prices are: Extra No. 1 Northern, 12½; No. 2 Northern, 12½; No. 3 Northern, 12½; No. 4, 14½; No. 5, 16½; No. 6, 18½; No. 7, 20½; No. 8, 22½; No. 9, 24½; No. 10, 26½; No. 11, 28½; No. 12 Northern, 11½; rejected 1½ Northern, 11½; rejected 1½ Northern, 11½; rejected 1½ Northern No. 10, 12½; rejected 1½ Northern No. 9, 12½; Winter wheat—No. 1 Alberta red, 12½.

Oats—No. 2 white, 45¢; No. 2 white, 42½; feed, 42¢; No. 2 feed, 41¢.

Barley—No. 3; No. 4, 55¢ feed, 45¢.

NOT A SUBSTITUTE FOR BRIDGE.

To my immediate regret, it goes out that the Education Board of Trade, at the last regular meeting, advanced that bridges be thrown up in the place of the high level bridge.

Certain Strathcona citizens have taken this proposal as the starting point for a movement which may have expended considerable energy in securing the idea.

I am sorry just what the facts in the case were, as a Bulletin representative called on Secretary Harrison to advise him of the proposed bridge and asked him for an explanation as to why the obvious was not done.

Mr. Harrison said, "I think that the Education Board of Trade would come forward with such a proposal if they had any knowledge of the matter."
